Dear Parents & Carers,

9 June 2021

Online Safety Workshop

As many of you may be aware, the use of the internet for children is becoming even more 'mainstream', and this has undoubtedly been due to COVID-19 and the restrictions we have all lived under for the past 14 months.

As part of our PSHE and Computing Curriculum the children are learning about Online Safety and now know how to keep themselves safe online.

However, what we have found is that many parents and carers are unsure as to exactly what their child/ren are accessing online at home. Apps or games come in and out of popularity very quickly so as adults we are always playing catch up!

I would like to invite all our Skylark Federation parents to attend an Online Safety Parent Workshop on **Tuesday 29th June at 3.30pm**. The meeting will be hosted on Microsoft Teams, so please click on the link below to join the meeting - you do not need a teams account to join.

[Click here to join the meeting](#)

It will be an informative meeting and will get you up to date with the current online risks, and there will also be an opportunity to answer any of your questions or queries. It would help and save time if you could send in any questions to the School Office before the workshop, so I can answer as many as possible during the presentation.

Thank you for your ongoing support,

With Kind Regards,

Mr R Newlands
Hamsey Head of School
Skylark Federation
