

Rolling Programme

English and Maths follow the yearly expectations in the new National Curriculum. Progress is measured half-termly using the programmes of study.

Our rolling programme follows a half-termly theme based either on Geography or History and shows the content of the National Curriculum to be covered. Years 3-6 follow same year eg all KS2 study Year A at same time – link trips and visits/visitors. Underpinning the curriculum are our own school drivers derived from pupil needs: Enquiry, Possibilities, Diversity and Heritage.

History, Geography, Art and DT are linked in a themed approach – pupils apply English, Maths and Computing skills in these areas wherever possible. Pupils practise their maths skills outside the maths lessons in many areas.

Religious Education follows the Understanding Christianity scheme of work for four half-terms per academic year, and then two terms of other world religions.

Science (Kent Scheme), Computing, PE, Music (often Charanga-based), French (KS2) and Personal Development (Use Jigsaw) stand alone to ensure coverage.

Phonics: children follow the Letters and Sounds Phonic Programme and follow the Book Band reading scheme.

In Medium Term Planning:

Teachers should constantly ask “Why do my pupils need to know this?” and make content relevant to pupils. Teachers should plan beyond the expectations of the National Curriculum to enrich learning. Teachers must ensure the aims and purposes of study are incorporated into planning so plans are not just content. Objectives link to level indicators ensure progress across a key stage.

Short term Planning:

Teachers strive to ensure lessons follow the 80:20 rule – children show high levels of productivity and are doing 80% of the work. Teachers should where possible plan a series of 10 minute activities which demonstrate progress by children saying, doing or

Hamsey Community Primary School Curriculum

showing what they have learned. Teachers strive to establish “learning without lessons” areas eg displays to prompt thinking and extend opportunities for learning outside of the lesson.

KS2 Rolling Programme

Year A (2018-2019)		Year B (2019-2020)	Year C (2020-2021)	Year D (2021-2022)
